Be a part of a total hands on experience! Share with community managers and workers the advancements and best practices in design, construction, maintenance, administration and operation your company has for public works

Don't miss out on this fantastic opportunity to network with hundreds of like-minded professionals working in the Public and Private sector. As Public servants, we all have the responsibility to provide the best service possible to the residents living in the communities we serve. This Expo will help you and your Staff learn ways to be more efficient and it will have an arena floor full of the latest equipment and products to assist you.

Breakfast and lunch are included in the registration cost.
