

OHIO PUBLIC SERVICE INSTITUTE SPONSORSHIP OPPORTUNITY

In 2021, The Ohio Chapter of the American Public Works Association implemented the Ohio Public Service Institute (OHPSI) to promote and encourage development through cutting edge education and training specifically for Public Works supervisors and managers. This program involves three annual one-week sessions focusing on Leadership Development, Service Excellence and Supervisory Skills. This year's session is scheduled for September 24-29, 2023 and is expected to have nearly 80 participants from Ohio and surrounding states.

To assist with funding this very important training initiative in Ohio the Ohio Chapter is offering the following opportunities to help sponsor this annual event. If you think your company would be interested in assisting the Ohio Chapter with this educational program, contact information is provided below.

Breakfast Sponsor: \$600 per meal (5 are available)

Lunch Sponsor: \$800 per meal (3 are available)

Each of the eight (8) sponsorships include the following:

- Table top tent card identifying the sponsor at each of the tables and at the head and end of the serving line.
- Sponsors can make business cards available which will be provided to each participant
- Sponsors are encouraged to offer a company token of their choice for each participant (key chain, pen, hat, etc).
- The Institute will include a summary sheet for each participant providing sponsor contact information. Each Sponsor is asked to provide a graphic of your company logo for these materials.

If you would like to help the Ohio Chapter with this Educational Opportunity for our Public Works Managers and Supervisors please contact:
